

FACT CHECKING GEN AI'S RELATIONSHIP TO UNEMPLOYMENT & POVERTY

Our homepage, where you'll find lots of basic information about our mission and ideals:

[Stop Gen AI](#)

Below are a series of comprehensive articles discussing the job crisis “AI” creates. They range from pre-pandemic (2019!) all the way to current evaluations of the employment crisis surrounding LLMs/GenAI. Each one contains valuable insight regarding how to view the current landscape of labor with regards to the “push” by technocratic leaders worldwide eager to replace real human workers with inaccurate, unreliable automation.
